DIRECTOR'S REPORT

Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present the 8th Annual Report and the Audited Accounts for the year ended March 31, 2006.

It is my privilege to present first report to the shareholders since the debut entry into the equity segment of the capital market. From small beginnings the Company has come a long way in a short span of time. The initial public offering of the Company met with an overwhelming response demonstrating the faith of the investor communities in the company.

INITIAL PUBLIC OFFERING

The listing of the company with the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) on 2nd March 2006 was a glorious moment in the history of the Company. This has laid the foundation for taking the Company to greatest heights and would contribute to the development of our Nation as well.

In order to meet the incremental Long Term working capital requirements and to acquire Capital assets for carrying out existing business so as to result in an overall development of the company, company came out with Initial Public Offering comprising of issue of 34,75,160 equity shares of Rs.10/- each for cash at a premium of Rs. 90/- (Issue Price Rs. 100/-) per equity share aggregating Rs. 34,75,16,000/-. The offer constituted 34.66% of the Post Issue Paid Up Capital of Sunil Hitech Engineers Limited. The Face Value of the Equity share is Rs. 10/- and the issue price was 10 times of the face value. The offering got overwhelming response and it was over subscribed closed to 9 times reflecting the faith of the investor community in the company.

DIVIDEND

Your Directors have recommended a 10% dividend amounting to Re. 1/- per equity share of Rs. 10 each for the financial year ended 31st March, 2006 which shall be paid after your approval at the ensuing Annual General Meeting.

The dividend pay out for the year has been formulated in accordance with the company's policy of striving to pay stable dividend linked to long term performance, keeping in view the company's need for capital, its growth plans and the intent to finance such plans through internal accruals to the maximum. Your Directors believe that this would increase shareholder value and eventually lead to a higher return threshold.

As the company stand at the threshold of the next Financial Year, the company is poised to test new waters, grow its business, increase its returns and create greater stockholder value so as to bring heightened levels of confidence. Spurred by investors' faith which has strengthened its determinations, the Company is poised to take on new challenges and achieve unprecedented heights and growth.-

FINANCIAL RESULTS

The performance of the Company for the F.Y ended 31st March 2006 is summarized below :

OPERATIONAL PERFORMANCE

- **Direct Income :** The Gross Sales for the year ending 31st March 2006 stood at Rs. 13274.26 lacs as compared to Rs. 6793.76 lacs in the immediately preceding year thus witnessing a phenomenal growth of 95%.
- **Other income :** There has been a marginal decline in other income during the year ended 31st March 2006 as compared to Fiscal Year 2004-05 as the major heads of the receipts were on account of income earned as interest on funds temporarily parked with Nationalized Banks, Cenvat Credit on procurements basis and rental Charges earned from Cranes.
- **Expenditure :** There has been a effective decline in the administrative expenses of the company from 3.63% of sales to 2.82% in the current fiscal evidencing economies of scale.
- **Profitability :** The Profit Before Tax (PBT) has increased to 6.18% of Gross Revenue from 5.6% and Profit After Tax (PAT) has increased to 4.19% of Gross Revenue from 3.35% in the immediately preceding fiscal year. Growth in the margins is mainly due to improvement in efficiency of working and economics of scale like more work via more packages at one single site and availability of owned cranes for better progress.
- **Human Resources :** In the Financial Year 2005-06 the company witnessed a significant growth in its human resources by a rise in the number of employees to 750 as compared to 500 employees in 2004-05 which is about 50% growth in employee based as against nearly 100% growth in the topline, moreover the absolute low manpower turnover reflect the quality of the company's human resources.

CAPITAL INVESTMENTS

The company has consistently increased its investments in Fixed Assets complimenting the growth of its existing business as well as to support the diversification and expansion plans. The company is also using heavy machineries such as heavy duty Crawler cranes etc. which have been imported and are presently working at 100% utilization.

■ Projects ■ O & M

GROWTH:

The company offers a diversified assortment of products and services, catering to the Power, Process & Piping Industries.

Such a diverse portfolio has enabled the company to spread its wings over different areas across the nation and make a name for itself as an able organisation.

During the F.Y 2005-06, the company earned revenues from various Projects as well as Overhauling and Maintenance activities. The division of revenues is as mentioned in the adjacent in the pie chart:

➤ DIVERSIFICATION : WITHIN THE POWER SECTOR

Business Overview

Out of the Rs.8,00,000 Crores required for doubling the power capacity to 2,00,000 MW by the year 2012, about Rs.2,00,000 Crores would be required for the associated transmission system including creation of a National Grid. Out of this, an investment of about Rs.70,000 Crores would be required in Central Sector Transmission Systems alone. POWERGRID is expected to mobilize an investment of Rs.41,000 Crores from its resources. The balance requirement of Rs.29,000 Crores is proposed to be mobilized through private investments.

Considering the scale of investment and the volume of expansion required, attracting large private investment in transmission is essential.

The Government of India amended Indian Electricity Act and Electricity supply Act in 1998, to enable private sector participation in transmission sector. In January 2000, the Ministry of Power has issued detailed guidelines for private sector participation in transmission. The Guidelines envisage two routes for inviting private section participation. One route is through Joint Venture of POWERGRID and private investor. The other route called IPTC (Independent Power Transmission Corporation) shall facilitate private investor including investors coming through FDI to invest 100% by themselves.

Considering the shareholders confidence & Managements vision company broadly plans to diversify within the Power Sector to augment the growth trajectory.

Strategy Going Forward:

ON GENERATION SIDE :

The company is diversifying into Engineering, Procurement and Construction (EPC) based contracts in captive power plants and industrial co-generation projects. The company is eyeing the captive power plant projects in the range of 5 MW to 60 MW where the maximum growth is expected to take place. The company has already entered in the EPC Segment by acquiring two projects, one in Tamil Nadu and the other in Maharashtra.

Present Business of The Company on Generation Side :

1. Company is presently engaged in setting up various capacity power plants ranging from 100MW to 660 MW via various packages
2. Maintenance of boilers for plants ranging from same capacities.

Strategy going forward:

Present services offered for the generation side will be strongly backed up by manufacturing facility via:-

M/s Sunil Hitech Engineers and Manufacturers (P) Ltd. (Subsidiary company) Except boiler drum facilities to manufacture all the pressure parts planned.

M/s. Sunil Hi-Tech Engineers & Manufacturers Pvt. Ltd.

ON TRANSMISSION SIDE : Galvanizing Plant

Overview of the Business

Transmission of electricity is defined as bulk transfer of power over a long distance at a high voltage, generally of 132 KV and above. In India bulk transmission has increased from 3708 ckm in 1950 more than 265,000 ckm today. The entire country has been divided into five regions for transmission systems, namely, Northern Region, Central Region, Eastern Region, Southern Region and Western Region. The interconnected transmission.

System within each region is also called the regional grid.

Perspective Plan by Power Ministry

The country's transmission perspective plan for tenth and eleventh plan focuses on the creation of a National Grid in a phased manner by adding over 60,000 ckm of Transmission Network by 2012. Such an integrated grid shall evacuate additional 1, 00,000 MW by the year 2012 and carry 60% of the power generated in the country. The existing inter-regional power transfer capacity is 9,000 MW, which is to be further enhanced to 30,000 MW by 2012 through creation of "Transmission Super Highways". For creation of such a grid, an investment of Rs. 71,000 Crore is envisaged. Out of this, Rs. 50,000 Crore is planned to be mobilised by POWERGRID and remaining Rs. 21000 Crore is envisaged through private sector participation.

Strategy Going Forward:

The company also plans to set up a galvanizing unit at Butibori Industrial Area and is expected to commence operation in about 8 months time. The operations of the said unit would be based on state of the art German Technology

Manufacturing of Transmission Line Towers

Plant Details:

Fully automated German Technology Fabrication and Galvanizing Plant: -

Location : MIDC Butibori, Nagpur.

Area: 80000 Sq m

Capacity : 20000 MT Expandable up to 40000MT per Annum

Facilities:

- 1 Fully Automated German Technology Galvanizing Plant
- 2 Automatic both side Drilling, Punching, Cropping Machines
- 3 75 ton and 125 ton hydraulic presses 3nos each
- 4 Metal Cutting Machine

Power: 500 KVA with 100 KVA back up

Office: 10000 Sq ft.

Business Opportunities

Business plan in this sector by ministry of power

To evacuate additional power generated i.e. 100000 MW the associated transmission network requires Rs200000 Crores out of which for converting existing inter-regional power transfer capacity of 9000 MW to 30000 MW by 2012 investment of around Rs.70000 Crore (around 60000 cKM) - (Source : Ministry of Power)

M/s. TATA POWER has been selected by POWERGRID as its JV partner through International Competitive bidding for execution of specific transmission lines associated with Tala Hydro Electric Project and East North Interconnector, costing about Rs.1,100 Crores. The project with route length of around 1200 KM covers transmission lines from Siliguri (West Bengal) to Mandola (Uttar Pradesh).

Success achieved under JV route of private participation has encouraged POWERGRID to identify two more projects (estimated to cost Rs.1275 Cr.) under this route. Solicitation process for these has already commenced.

RESEARCH AND DEVELOPMENT

At Sunil Hitech, we think beyond business

Sunil Hitech's Power Training Institute. An apt name for an institution that powers the students with the best of training and expertise required to excel in this competitive world. Equipped with state-of-the-art infrastructure, such as Air conditioned LCD projector hall for modern and effective coaching, the latest computers and up-to-date software's it is the perfect platform which an engineer needs to hone his skills. Not just that, even the study material is designed with the help of training manuals provided by BHEL. The training program is skillfully designed by our highly skilful management.

Looking at the tremendous growth rate planned in the Power sector, developing human resources is one of the biggest challenges. It's not a challenge for any one company, but all companies and corporates together. Today, quality HR retaining ability in this sector has become a major cause for

worry. Moreover the numbers of engineers available are abundant, but ones with experience are quite scarce.

So, to bridge this gap, the company has developed this unique idea of starting a training school where fresh engineers will be given a valuable opportunity. With a one year practical course, we will try our best to make them capable and responsible enough with the ability to deliver.

Thus the company is contributing towards creating quality Human Resources for the growth of the entire nation.

ANNEXURE TO DIRECTOR'S REPORT

ANNEXURE I REPORT ON CORPORATE GOVERNANCE

Commitment to values, fairplay and transparency are the corner stones of the principals of Corporate Governance. Corporate governance encompasses not only the way in which the Company is managed and deals with its shareholders but also addresses all aspects of its relationship with society.

Company's Philosophy of Corporate Governance:

Corporate Governance has always been an integral part of the Company's philosophy. The Company firmly believes that good corporate governance stems from the management's mindset and cannot be regulated by legislation alone. The Company's philosophy on Corporate Governance is to make it a way of life by inter alia adopting standard Corporate Governance practices through continual improvement of internal systems and satisfaction of all stakeholders.

The Company has, from time to time, institutionalized every corporate governance practice even beyond what has been mandated by the Regulatory Authorities. We believe that true corporate governance emanates from the Values that an Organization lives by, whilst interacting with all its interfaces. The Company's systems are under constant scrutiny for their enhancement towards greater control, reliability and integration, better product and service quality, cost efficiencies and information transparency, which will lead to higher operational efficiencies and optimize shareholder value in the long-term.
